THE BIG SHOW

This package has **2 experienced professional DJs** on hand your entire event. It offers all the same perks and services our all inclusive wedding DJ Package offers, but it moves **smoother**, looks **bigger**, and just gives you something different that a single operator DJ just can't offer. It is the cornerstone of Electric Blue Entertainment.

With **2 DJs**, one can take a request while the other makes announcements. **Choreographed dance routines** that they could do can energize and motivate your guests to the dance floor faster. Even the guests who don't dance are entertained with what they see in front and around the DJ booth.

Free giveaways are also available at this level. We giveaway sunglasses, hats, instruments, props, or glow necklaces to further entice your guests to the dance floor. **Group dances** (Cha Cha Slide etc.) really come alive with 2 DJs "working the crowd".

On that note, another option you have at this level... Drum Roll Please! **The Original Electric Bluze Brothers**. For just over 20 years people have seen us in the Chicago land area (other locations The Original Electric Bluze Brothers have been asked to perform: Las Vegas, Laughlin, San Diego, Minnesota, Wisconsin, Indiana, Phoenix, Tucson, On the Odyssey and Fort Dearborn on Lake Michigan, Lady of the Lake on Lake Geneva, just to name a few) doing this specialty musical entertainment. Yes, Jake does do cartwheels and other acrobatics with Elwood.

If you and your family love to have fun, or love the Blues Brothers this option is a must! And the one people talk about for years after the wedding.
